

To All of Our Patients,

The time has finally arrived! We are moving to our new location at 32 Worlds Fair Drive and we're all excited about seeing you there! This is a beautiful new building with easy access and plenty of parking. And we're right next door to a new mall with restaurants and shopping.

Our new office is even more kid friendly, with two play areas. The play area in the treatment room was designed for our adult patients who want to keep an eye on their young children while being treated. The reception play area has two PlayStation 3s, with games appropriate for both younger and older children, and a toddlers area as well. We are also providing coffee and other refreshments.

The treatment areas were designed with you in mind, from the comfortable new chairs to making us as efficient as possible so that we can be respectful of your time.

The current Easton Avenue office will be closed from 2/18 until 2/22 while we move, and we will be open at our new location on the morning of 2/23. We are keeping our same phone numbers, but there may be a short period of time when the phones are not working while we make the switch. If this happens, instructions will be on our web site, www.OrthoNJ.com in case you have an emergency.

Basic directions to our new office can be found on the other side of this page, and more detailed directions along with photos and maps can be found on our web site. Parking is in front of the building, and we are on the ground floor at the front left of the building. Just walk up the stamped concrete courtyard, and you will see the doors to our suite (Suite 101) on the left.

We are looking forward to taking care of you in our new home!
